

THE STORY SO FAR...

In a story that transcends time and place, there is no beginning or end. Events are linked by the threads of consequence, woven into the fabric of history. But since this is a story that must be told in order to save our kind, let us proceed. . .

Temocaztli, a fallen angel, has been entombed in the Domus Parada since the time of the Crusades and the Inquisition. The Domus Parada is a mystical monolith hidden deep inside a monastery. Temocaztli was trapped there by Bethel Gwynne, a priest of the Inquisition who forsok God in order to take his revenge on Temocaztli. Bethel's rage has transformed him into a non-corporeal demon called "Behel." He is intent on making Temocaztli pay for his misdeeds for all time.

After hundreds of years, the Domus Parada is rediscovered by the Catholic Church at Stonehale Abbey in the Old West, though they have now forgotten its purpose. Father Pietro acts on behalf of the Vatican to unravel the mystery. He recruits young Father Ivan Isaacs to help decipher the inscriptions on the Domus Parada.

Ivan is in the midst of a crisis of faith of his own; he is in love with his adoptive sister Gena, and has just returned from years in study at the seminary to the family ranch. Called away by duty once again, Ivan joins the team of academics working on the Domus Parada and throws himself into his work.

Ivan's brilliance and devotion lead the team to the correct translation of the text on the Domus Parada. Ivan realizes too late that he's just found the key to releasing Temocaztli, the fallen angel, and that Father Pietro has been working toward this release the whole time. Even worse, Pietro sacrifices Gena's life in front of Ivan to free him from his earthly bonds of love, and to convince Ivan to complete the task of freeing Temocaztli. Ivan's rage is triggered by Gena's death, and as he calls out God for his suffering, he opens the Domus Parada.

With one misplaced act of rage, Ivan Isaacs has joined the battle between those who have rejected God. He now lives in a world with no absolutes, where "Good" and "Evil" are relative forms, and where the battle lines cross continents, not countries. The worst is yet to come for the Priest. . .

THE CAST OF CHARACTERS

FATHER NATHANIEL

Isaac Isacco is a young priest with a passion for ancient cultures. An orphan, he was adopted by another Jacob Isacco when he was just a young boy in a conspi-
cuousness for his daughter, Gena. When it became apparent to Jacob that Gena and Isaac were becoming too involved as teenagers, Isaac was sent off to a seminary to study for the priesthood. Isaac turned out to be a brilliant scholar—an avid student of narrative religious and cultures. Now upon Jacob's death seven years later, Isaac returns to the family church as a priest. Just as he is about to be faced with his feelings for Gena again, he is recruited to help solve the mystery of the Dorcas Porcchia, a mythical sarcophagus that has turned up in the West. Isaac's innocence and naivety lead him deeply into the project without questioning the project's motives. When he finally figures out the horrible truth, it's too late to save himself, and more importantly, too late to save Gena. Isaac battles out at God for allowing him to suffer and causing Gena to die, and dooms himself to an eternity of battle on the wrong side of divinity.

Jacob Isacco's only daughter, she is a headstrong young woman with fiery passions. When Isaac was first adopted by her family, she didn't much care for the quiet, studious boy. But over time, Gena developed quite an affection for her adopted brother, an affection that her father feared would lead to disaster. When Isaac was sent away to the seminary, Gena vowed never to be happy without him, and kept his room as a time capsule marking his return. Gena's love was her undoing, making her the perfect candidate to help Father Benedict to find Isaac's will. But death is only the beginning of the horror awaiting Gena...

angel persuaded Matthew to take his own life. Father Giovanni's fury was so intense that he urged against God, rejecting the deity altogether. Much to Temacore's dismay, however, Giovanni's anger led to him being translocated into the domain Belial, destined forever to Temacore's defeat. Belial trapped the fallen angel in the Dorcas Porcchia and remains on guard against his escape—forever.

The head priest of the order of Saint Vincent, a secret branch of the Vatican which works with autonomy from the Pope. He recruits Isaac to help open the Dorcas Porcchia, but this shadowy priest seems to have an agenda of his own...
